Excerpt: . suspicion of the exhibition he thereby makes of himself as a philosopher: -- The objective order, qud order, is treated by physical science, which investigates the uniform relations of objects in time and space. Here the word object (or phenomenon) is taken merely to mean a group of my feelings, which persists as a group in a certain manner; for I am at present considering only the objective order of my feelings. But Prof. Clifford immediately proceeds to crucify his own subjectivism in this manner: -- However remote the inference of physical science, the thing inferred is always a part of me, a possible set of changes in my consciousness bound up in the objective order with other known changes. But the inferred existence of your feelings, of objective groupings among them similar to those among my feelings, and of a subjective order in many respects analogous to my own, --these inferred existences are in the very act of inference thrown...
