At the time when this Paper was presented to the Board of Regents, it was published (soon after) in the State Journal, at Lansing, as a document of more than ordinary interest; and it was incorporated in the forthcoming volume issued by the Superintendent of Public Instruction. But, though thus approved, and published, and read by a limited number, yet in no mode has it been placed before the public in a form the most desirable to invite general attention. At the period when this Memorial was first addressed to the Regents, no such organized department had ever been attempted in any College or University of this country.
