

Dolphins, Whales, and Manatees of Florida: A Guide to Sharing Their World

By Randall S. Wells, John E. Reynolds III

University Press of Florida. Paperback. Book Condition: new. BRAND NEW, Dolphins, Whales, and Manatees of Florida: A Guide to Sharing Their World, Randall S. Wells, John E. Reynolds III, An identification guide and general reference to marine mammal biology, conservation, and governmental protective regulations in Florida. Written by two scientists and pioneers in marine mammal research and conservation, it seeks to inform people how their activities affect marine mammals and what they can do to help safeguard the environment of Florida. John Reynolds and Randall Wells present scientific information, conservation principles, and wildlife protection laws in a way that should be easy for the general reader to follow and understand. The basic species descriptions and natural history include all of Florida's marine mammals and the occasional visitor to Florida's waters, including: Florida manatee; bottlenose dolphin; Atlantic spotted dolphin; pygmy and dwarf sperm whales; northern right whale; clymene or short-snouted spinner dolphin; spinner dolphin; rough-toothed dolphin; Risso's dolphin; short-finned pilot whale; false killer whale; pygmy killer whale; beaked whales; goosebeak whale; sperm whale; humpback whale; and pinnipeds.
