

## Si Passivation and Chemical Vapor Deposition of Silicon Nitride: Final Technical Report, March 18, 2007

Filesize: 6.52 MB

### ***Reviews***

*Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).*

## SI PASSIVATION AND CHEMICAL VAPOR DEPOSITION OF SILICON NITRIDE: FINAL TECHNICAL REPORT, MARCH 18, 2007

To get **Si Passivation and Chemical Vapor Deposition of Silicon Nitride: Final Technical Report, March 18, 2007** eBook, remember to click the web link below and download the ebook or have accessibility to other information that are relevant to SI PASSIVATION AND CHEMICAL VAPOR DEPOSITION OF SILICON NITRIDE: FINAL TECHNICAL REPORT, MARCH 18, 2007 ebook.

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 42 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This report investigated chemical and physical methods for Si surface passivation for application in crystalline Si and thin Si film photovoltaic devices. Overall, our efforts during the project were focused in three areas: i) synthesis of silicon nitride thin films with high hydrogen content by hot-wire chemical vapor deposition; ii) investigation of the role of hydrogen passivation of defects in crystalline Si and Si solar cells by out diffusion from hydrogenated silicon nitride films; iii) investigation of the growth kinetics and passivation of hydrogenated polycrystalline. Silicon nitride films were grown by hot-wire chemical vapor deposition and film properties have been characterized as a function of  $\text{SiH}_4/\text{NH}_3$  flow ratio. It was demonstrated that hot-wire chemical vapor deposition leads to growth of  $\text{SiN}_x$  films with controllable stoichiometry and hydrogen. This item ships from La Vergne, TN. Paperback.
