

The Book of Mormon

By James a Bostwick Chair of English and Professor of Literature and Religion Terry L Givens

Brilliance Corporation, United States, 2012. CD-Audio. Book Condition: New. Unabridged. 173 x 137 mm. Language: English . Brand New. With more than 140 million copies in print and serving as the principal proselytizing tool of one of the world's fastest-growing faiths, the Book of Mormon is undoubtedly one of the most influential religious texts produced in the Western world. This compact volume offers the only concise, accessible introduction to this extraordinary work. Givens examines the Book of Mormon primarily in terms of the claims that its narrators make for its historical genesis, its purpose as a sacred text, and its meaning for its audiences. The author traces five governing themes revelation, Christ, Zion, scripture, and covenant and analyzes the Book's central doctrines and teachings. Some of these resonate with familiar nineteenth-century religious preoccupations; others consist of radical and unexpected takes on topics from the Fall of Man to Christ's mortal ministries and the meaning of atonement. This introduction surveys the contested origins and production of a work held by millions to be scripture and reviews the scholarly debates that address questions of the record's historicity.

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.
